Alphabetic keypad door opening module, Alpha, black

1168/49

Product specification:

- Complete with screen-printed thermoplastic front panel.
- The buttons are equipped with LED for backlighting.
- Connection via flat cable supplied with wall frames
- Dimensions 124 x 90 mm

Description

The Alpha alphabetic keypad module is used in combination with 1168/1 display module, audio or audio/video outdoor station and 1168/46 numeric keypad to make up the digital call entry panel. It allows using call codes composed of numbers and letters. Connection to the other modules with the flat cable supplied as standard.
